

MEDICAL OXYGEN OUTPATIENT CENTER

Communicable Disease Procedures

STAFF

- Staff will wear a mask in the chamber.
- Staff will use hand sanitizer prior to and after patient contact.
- Staff will clean/sanitize the hyperbaric chamber after every treatment.
- Staff will clean the high traffic areas used by the patients (bathrooms, dressing rooms) as needed throughout the day.

PATIENTS

1. Upon arrival:
 - Patients will use hand sanitizer (provided).
 - Patient temperature will be taken and will be asked to go home if temp is 100.4 or higher.
2. In chamber:
 - Patients will wear a mask in the chamber when their hood is off.
3. Patients who feel sick:
 - Will be asked to stay home
 - Call us as soon as possible (leave message if after hours)
 - Not to come to the clinic until they are symptom free for at least 3 days (72 hours)

COVID-19

In response to the Covid-19 pandemic, the following procedures shall be implemented:

1. Each patient must have a Covid test, with results back, before initial appointment for HBOT
2. Patients who are exposed to Covid-19 are asked to:
 - inform us immediately by phone (leave message if after hours)
 - not come to the clinic
 - to self-quarantine at home for 14 days if asymptomatic
