Vital Medicine Exceptional Care

MEDICAL OXYGEN OUTPATIENT CLINIC NAVIGATING THROUGH COVID-19.

Patient care and safety is our top concern. These are our priorities to ensure the health and well-being of our patients, staff and the community

STAFF

- Staff will wear a mask at all times
- Staff will use hand sanitizer prior to and after patient contact
- Staff will clean/sanitize the hyperbaric chamber after every treatment
- Staff will clean the high traffic areas used by the patients (bathrooms, dressing rooms, etc.)
- The number of appointments will be limited each day

PATIENTS

- Must be fully vaccinated included boosters applicable for age and current CDC guidelines
- Upon arrival
 - Patients will arrive wearing a mask and keep their mask on at all times in the clinic
 - Patient temperature will be taken and will be asked to go home if temp is 100.4° or higher
- Patients who feel sick, will be asked to stay home
 - **Call us as soon as possible (leave message if after hours)**
 - Not to come to the Center until they are symptom free for at least 3 days (72 hours)
- Patients who test positive for Covid-19 are asked
 - **to inform us immediately by phone (leave message if after hours)**
 - Not come to the clinic
 - Follow CDC quarantine guidelines – quarantine at least 5 days
 - After appropriate quarantine, patients must test negative with the antigen test before resuming treatment – Medical Oxygen staff will perform testing

WAITING ROOM CHANGES

- The waiting room will be either reduced occupancy or closed
 - Early arriving patients are encouraged to wait in their cars
 - Outside door will be locked during treatment – please call 608-284-8654 or ring doorbell when you arrive

We will remain hopeful that this will be behind us soon. Thank you for your help.
